Fibre1000, Fibre 400 & Fibre250

High-quality, well-priced products, providing business grade speeds from 250Mbit up to 1Gbit.

Allowing you to choose how to allocate the Fibre access; as a single service – like unlimited internet – or you can split the fibre access to use with up to 4 overlay services.

The flexibility to use the single access service include internet, VoIP, access to a multitude of 3rd party providers like AWS or Microsoft Azure or even for a private IP link between offices.

- Key benefits of Fibre services:
- Low cost for high-speed connections.
 - High reliability & secure office connectivity.
 - Reduced complexity and greater flexibility.
